

# JUAN DIEGO GONZALES

Business and full-stack engineer.  
Love to just start building things.

## WORK

### **Head of Analytics • Mambo • Oct. 2017 — Present**

At Mambo innovation is not a hobby. We take a rigorous approach upon it with partners like P&G, Scotiabank and Sura all across Latin America.

### **IoT Specialist • Banco de Crédito BCP • Apr. 2017 — Oct. 2017**

BCP is the largest bank in Peru. I worked at BCP's Big Data Center of Excellence.

- Lead technically a confidential IoT project that was beta-tested on 3 branches.
- Presented at a Digitalk. A live-streamed event with more than 10,000 viewers.

### **Intelligent Devices (IoT) Intern • ABB, Germany • Aug. 2016 — Feb. 2016**

ABB is a global leader in automation and power technologies.

- Designed and developed 3 IoT demos that were presented to the Business unit.
- Worked in a technical environment with state of the art full-stack technologies.
